OK! HOT STORY

Jim Bob and Michelle “are in total shock,” says an insider. “They honestly thought all of this would blow over after a while.”

DUGGARS CANCELED

After 10 seasons, the plug’s been pulled on *19 Kids & Counting*. But **Jim Bob** and **Michelle Duggar** still hope to overcome the family scandal and get back on the air

Josh has been MIA from recent family events — or at least from the photos posted. “If they have to choose between money and Josh,” says a source, “Josh doesn’t stand a chance.”

Don’t count on seeing much more of the Duggars. On July 16 — nearly two months after the bombshell revelation that eldest son **Josh** molested five underage girls, including four of his sisters, when he was a teen — the family’s popular reality show was officially canceled. “After thoughtful consideration, TLC and the Duggar family have decided to not move forward with *19 Kids & Counting*,” the network said. “The show will no longer appear on the air.” The decision came as no surprise to most concerned; reruns have been off the air since May as the Duggars tried — and failed — to

do damage control. But insiders say family heads **Jim Bob**, 49, and **Michelle**, 48, are still in denial about the enormity of the scandal that has rocked their world. “They believe they’re being unfairly punished,” a

Jessa and Jill, who revealed to Megyn Kelly they’d been Josh’s victims, will appear in an upcoming documentary.

“THEY LOVED BEING IN THE LIMELIGHT”

source says. “They feel Josh has overcome his problems and that it’s not a big deal now.”

SHEDDING LIGHT ON DARK SECRETS

To the network, however, it’s a very big deal. TLC, which has partnered with two groups dedicated to fighting child sexual abuse, is planning a one-hour, commercial-free documentary on the subject that will feature married Duggar sisters **Jill Dillard**, 24, and **Jessa Seewald**, 22, two of the girls Josh molested back in 2002, along with other survivors and their families. And Jim Bob and Michelle are keen to be involved, hoping that if they present themselves as

parents who learned their lesson the hard way, the public will love them again. “With God’s grace and help, Josh, our daughters and our entire family overcame a terrible situation, found healing and a way forward,” they said. “We look forward to working with TLC on this upcoming special documentary and hope that it is an encouragement to many.”

Privately, sources say, the family is angling to get back on TV any way they can. “The show was their biggest moneymaker, and they loved being in the limelight,” says the insider. “This has been a huge blow to their wallets and their egos.”

WHERE’S JOSH?

Meanwhile, everyone’s blaming Josh, 27, for the whole debacle. “The only way that the family can get a new show or spin-off approved is by staying away from Josh and everything he represents,” says the source. “The whole clan is furious... they’re holding Josh responsible for the destruction of their very lucrative brand.” Indeed, Josh was conspicuously absent from a recent family photo celebrating the

engagement of cousin **Amy Duggar** — although his wife, **Anna**, who was about to give birth to their fourth child, was pictured.

Jim Bob and Michelle still think there’s nothing wrong with the way they handled the Josh situation, but they know that “the more they defend him, the worse it looks for the whole family,” adds the insider. “They are in panic mode and will say or do anything to get the show back. They’ll throw Josh under the bus, if that’s what it takes.”

AXED DUE TO SCANDAL

THE COSBY SHOW

Reruns of the Emmy-winning comedy were pulled from several networks after dozens of women accused **Bill Cosby** of drugging and raping them.

When audio surfaced last year of star **Stephen Collins** admitting to molesting young girls, this family-friendly series couldn’t stay on the air.

THE LATEST CELEB NEWS

INSIDER

Kaitlyn's overnight with Nick shocked fans.

"Producers saw Kaitlyn as an opportunist who just wanted to burn through men," dishes a source. "They couldn't recast her, so they devised a plan to make her look bad."

She kissed rumored finalist Shawn Booth the night they met.

KAITLYN

THE BACHELORETTE'S MOST HATED

Has **Kaitlyn Bristowe** been rubbing you the wrong way? It turns out the team behind *The Bachelorette* will be happy to hear it! An insider tells **OK!** that this season's soul-mate-seeking single isn't getting any love from the show's producers, who seem hell-bent on portraying her as negatively as possible. "Kaitlyn has made things difficult from day one," says the source. "She demands the highest-quality bedsheets, gets bent out

of shape if her tailored clothes don't fit properly and consistently shows up late for filming. You'd think she's an Oscar-winning actress." And while many of the show's past stars were down to hang out with the crew, the insider adds that you won't see Kaitlyn mingling: "She acts like everyone on set is beneath her, and she doesn't really associate with any of them."

Enter karma. While producers normally edit the show to ensure their female stars come across in the best

light, the source reveals they're not doing Kaitlyn any favors. "They usually protect the bachelorettes from looking too sex-crazed, but producers actually gave Kaitlyn more opportunities to let loose by moving the overnight dates to come before the hometown visits," explains the insider. "They realized that her promiscuity wouldn't sit well with viewers, and that's exactly why they amped up her sleepover with **Nick Viall**." Well, who would've thought that sex *doesn't* sell?

LISA: THE FRANCHISE

Get pumped — this Real Housewife of Beverly Hills could be opening her next hotspot near you!

According to insiders, **Lisa Vanderpump** is set to expand her L.A.-based hospitality business across the country. “Lisa never misses an opportunity to promote her restaurants Villa Blanca and Sur on the show, but so far it’s her garden lounge Pump that has been the biggest success,”

reveals a source. Since the flashy West Hollywood spot has a huge gay following, the reality star is planning to franchise the concept and open outposts in cosmopolitan cities like New York, Miami and Chicago. “Lisa wants to oversee the menu and the decor at every location, so she’s meeting with her partners to figure out how to turn her dream into a reality,” dishes the insider. “She truly appreciates her gay fan base — and has them to thank for giving her an incredible business opportunity.”

“Lisa considers *RHOBH* an ad for her business,” says a source.

LENA CASTING MALIA!

Watch out, Brooklyn — there’s a new Girl in town! According to insiders, First Daughter **Malia Obama**, who’s been interning at **Lena Dunham**’s hit HBO show, could appear on camera next season. “Lena is talking to her about a cameo on *Girls*,” reveals an on-set source. “She can see Malia’s passion for the entertainment industry.”

Plus the gals get along great. “Malia considers Lena a role model,” adds the source.

“She’d love to embody one of her characters.” Memo to the White House: set the DVR!

“Lena admires Malia’s work ethic,” says a source.

KIM SKIPS REHAB!

Following her April arrest for public intoxication and battery, **Kim Richards** entered rehab on her own accord — but the Real Housewife of Beverly Hills bailed after just over a month of her intended three-month stay. Now *OK!* has learned that Kim is also skipping her recommended outpatient therapy sessions. “She hated being in rehab. She didn’t get along with anyone there because she wasn’t open to actually getting help, so the last thing she wants to do right now is any outpatient treatment,” a source reveals. “And to make matters worse, she’s ignoring and pushing away anyone who might actually challenge her on her sobriety.” That might

be why Kim was a no-show for niece **Nicky Hilton**’s July 10 nuptials in London — where the majority of her family spent the weekend. “Someone like Kim needs long-term therapy,” the source says. “An illness like alcoholism isn’t cured in 30 days. She has a serious problem, and it needs real attention.”

“Kim is flat-out refusing anyone’s offers of help,” a source shares. “She should be attending meetings, but she just won’t do it.”

If Julia hadn't complimented Jen's performance in *Cake*, a source says, the duo would never be working together.

JEN & JULIA FRENEMIES!

For the first time ever, **Jennifer Aniston**, 46, and **Julia Roberts**, 47, will be making a movie together — and they've had to bury the hatchet to do it. The longtime rivals, two of the biggest stars on the planet, have problems dating back to the mid-'90s, when Julia was dating Jen's *Friends* castmate **Matthew Perry**. Though Jen's rep denies it, a source says the actress

despised Julia for breaking Matthew's heart when she dumped him for her personal trainer, while Julia was peeved by Jen's involvement in the relationship. Now that they've signed on for **Garry Marshall's** upcoming *Mother's Day*, their teams are working overtime to ensure that things go as smoothly as possible. "They've begun arranging lunches and public outings

to signal that they're cool with each other," says an insider. Meanwhile, "the production staff has been instructed to keep Julia and Jen away from each other when cameras aren't rolling, to minimize any chance of conflict. People are anxious about even having them in the same room." And... action!

RUBY ONE-WOMAN CHARITY

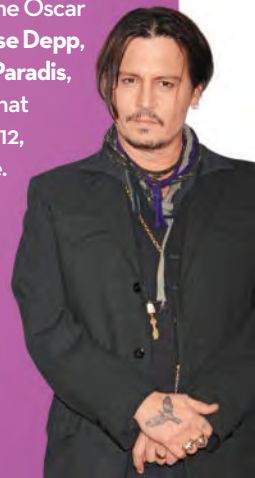

As if *Orange Is the New Black* fans needed another reason to crush on **Ruby Rose**, it turns out this Litchfield inmate's got a heart of gold! On July 9, an eyewitness spotted the Aussie actress giving a disabled man a hefty donation as she made her way out of Pressed Juicery in Beverly Hills. The spy, who snapped a pic, tells OK!: "She stopped to chat with the man before dropping two \$100 bills into a glass that he was holding for donations. She made his day. He was smiling from ear to ear and even threw his hands in the air after she slipped him the cash."

"No one pressured her to give him a donation," says the spy. "It was all her."

LILY ROSE ON TEAM MOM!

Dad **Johnny Depp** may be a three-time Oscar nominee, but budding starlet **Lily Rose Depp**, 16, is turning to her mother, **Vanessa Paradis**, for career advice. Lily has told a pal that Johnny, who split from Vanessa in 2012, is "way too protective," says a source. "Vanessa is more encouraging of her wild, artistic side, and she already has a major studio in love with Lily." Johnny, who's coping with a string of recent flops, "will be there to help out, but he's happy for Vanessa to take charge."

COUPLES NEWS

A source says, "The crew jokingly refer to Emily as 'Tom's ray of sunshine'" because he "just lights up around her."

Tom & Emily

GETTING SERIOUS

Since the first photos of **Tom Cruise** on the set of his latest film, *Mena*, emerged at the end of May, the focus hasn't been on the movie but on who's helping him make it. His assistant, **Emily Thomas** — a **Katie Holmes** look-alike who hails from England — has been at the actor's side daily, and sources say they're extremely close. "Tom has come to rely on Emily," an insider says. "She's very smart and always one step ahead of him."

The pair first worked together on

the 2014 set of *Mission: Impossible — Rogue Nation*, and Emily, 22, is set to assist Tom, 53, on the next *Mission: Impossible* movie too. "Tom has made it clear to his team that he wants Emily with him on all projects," the insider says. "She knows just how to handle him and never gets stressed; she's always calm and kind."

But it's apparent to those around them that the relationship is not just professional. A source on set says that Tom is "clearly happier when Emily is around," and that the chemistry

they have is palpable: "No matter how long the workday is, they're always laughing and having fun."

Now buzz in Tom's inner circle is that he's ready to keep Emily around for good, by taking their new relationship to the next level. "Tom is totally smitten with Emily," says the insider. "He adores her." Considering the actor popped the question to his last wife, Katie, after dating her for just three months, the insider adds that "no one who knows him would be surprised if he proposed!"

George & Amal's BABYMAKING VACATION

After inviting guests to stay with them in Lake Como for the Fourth of July weekend, **George** and **Amal Clooney** are continuing their holiday in Italy for an additional three weeks — with a secret mission. *OK!* has learned that although George, 54, once said he doesn't see himself "ever having kids," 37-year-old Amal has managed to change his mind, so they're spending time alone trying to conceive! They're always working in different parts of the world, so they haven't been able to make it a priority until now," a source says, adding that if Amal isn't pregnant by fall, she and George have already decided to pursue IVF treatments. Maybe their next trip will be a babymoon!

A source says that Amal is prepared to do whatever it takes to get pregnant — including spending hundreds of thousands of dollars on IVF.

Gigi and Joe have been spotted at clubs in NYC and Canada recently.

Gigi & Joe LIVING LIKE VAMPIRES

Ah, young love. Holding hands, going out for ice cream... partying into the wee hours? That's what sources say new couple **Gigi Hadid**, 20, and **Joe Jonas** are doing — and their behavior has pals worried. A source says the "nocturnal" couple hit the town almost nightly, routinely staying out till 5 AM. Now Gigi's "never up before midday," the source adds, unless she has a shoot or casting. "Joe's always been a party animal," the source notes of the 25-year-old singer, who has a reported history of substance abuse. Are these two a toxic combination?

Sienna & Tom

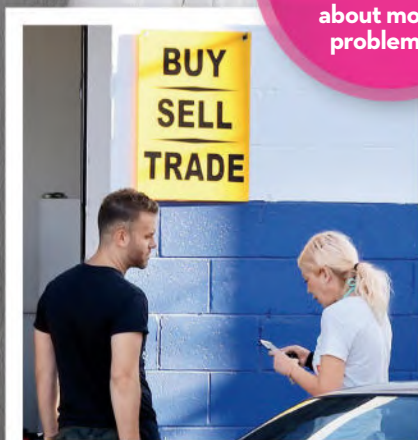

SPLIT

It's another broken engagement for **Sienna Miller**. After four years together, she and fellow British actor **Tom Sturridge**, 29, have ended their relationship. The pair fell hard and fast in 2011, but a source says the stress of parenting their 3-year-old daughter, Marlowe, ultimately became too much for them to handle. Sienna, 33, who was previously engaged to **Jude Law** in 2005, is taking this breakup hard. "She doesn't understand why her relationships

don't work out," a source says. "Even though this split wasn't completely her fault, she blames herself. She says it's the hardest thing she's ever endured."

Tori & Dean's FINANCIAL BATTLES

As if **Tori Spelling** and **Dean McDermott** haven't weathered enough marital strife — fallout from Dean's infidelity sadly lives on in *True Tori* reruns — the couple's financial woes are carving an ever deeper rift in their relationship. Though Dean, 48, has been begging Tori, 42, to stop spending, on July 7, she was spotted at Tarzana, Calif., pawn shop Blvd. Swap Shop, selling her four young kids' toys, lunch boxes and clothes — and then heading straight to a tanning salon, nail salon and a liquor store! "Dean's been trying to get the family back on track," says an insider, "but Tori just refuses to quit her pampering ways. For Tori, Mommy's needs come first."

A source says the family's recent move from Encino to Calabasas, Calif., was "definitely about money problems."

Travis & Shanna BITTER EXES

Can't these two just get along? Sources say the protracted split between Blink-182 drummer **Travis Barker** and former Miss USA **Shanna Moakler** (they separated in 2006; reunited in 2009 after Travis survived a plane crash; then split again but continued to live miserably in the same house) is worsening. As Travis, 39, fights for more time with their kids, **Landon**, 11, and **Alabama**, 9, but isn't getting it, he's reacting by "constantly threatening to withhold support payments," says an insider. "Throw in the fact that Shanna has a new man Travis doesn't like, and there's pretty much no chance of an amicable resolution."

A source says Shanna, 40, also refuses to let Travis take the kids on tour.

Joe OFFICIATING AT TINA'S WEDDING

A source says Tina agreed to let Joe (top) officiate to "bury the hatchet."

Are **Tina** and **Joe Simpson** the most amicably divorced couple in history? A rep for Joe denies it, but two years after the parents of **Jessica** and **Ashlee Simpson** split, a source says Joe's offered to officiate at 55-year-old Tina's wedding to landscaper **Jon Goldstein**. "Tina said yes, because she's ready to forgive," says the source, who adds that Joe, 57, reportedly came out of the closet after the divorce. "The split was nasty, with accusations of cheating," says an insider. "This is an olive branch."

Britney & Colin PERFECT MATCH?

"Colin's indicated he's willing to give Britney another chance," says a source.

Britney Spears may be starting a recycling program... for boyfriends! Sources say Brit's micromanaging conservator and father, **Jamie**, is convinced 39-year-old actor **Colin Farrell** — with whom Brit, 33, had a fling in 2003 — would make the perfect boyfriend for his daughter, following her recent split from beau of eight months **Charlie Ebersol**, 32. "Brit and Colin's first go at romance was doomed, because they were too young and wild," says an insider. "But they've both matured and are parents of young boys." Adds the source, "As far as Jamie's concerned, the fact that Colin's oldest son, **James**, has special needs means Colin has the sensitivity to deal with Brit's emotional issues. Jamie's been playing up what a perfect pair the two would be, noting that they're both sober and committed to practicing yoga." Sounds like a recipe for love?

Louis BECOMING A DAD!

When news broke on July 15 that One Direction's **Louis Tomlinson** was expecting a baby with **Briana Jungwirth** (right), no one was more shocked than his ex **Eleanor Calder**. After dating for nearly four years, Eleanor, 23, and Louis, 23, split in March. By May, he was seen out with Briana, 23. "Eleanor is heartbroken," an insider says. "She suspected Louis was up to something months ago and hoped it was just a fling. This really is the end of the line for them."

"Eleanor was the love of Louis' life, but there's nothing he can do except move forward and focus on being a good dad," a source says.

KHLOÉ

BABY ON THE WAY!

HER UP-AND-DOWN
LOVE LIFE HAS
PRESENTED ONE
CHALLENGE AFTER
ANOTHER, BUT
NOW **KHLOÉ
KARDASHIAN** IS
FACING HER
BIGGEST
EMOTIONAL TEST
YET: AN
UNPLANNED
PREGNANCY!

After an emotionally exhausting and intensely soul-searching few years, **Khloé Kardashian** is

finally about to realize one of her long-held dreams. It's just not happening quite the way she imagined it would. Sources say that on the heels of a wild weekend in Las Vegas spent with her new man **James Harden** and her just-can't-quit-him estranged husband **Lamar Odom**, Khloé was shocked to learn that she's going to become a mom!

But before she could celebrate, she had to face a wave of panic over which of her paramours is the father of her baby-to-be.

LOVE HURTS

Khloé, 31, had long ago seemed to move on from Lamar, 35. After four years of marriage, the former NBA star was pummeled by cheating and drug scandals, and the bond he and Khloé once deemed "unbreakable" appeared

to irreparably shatter.

Khloé was devastated, but she picked up the pieces and did her best to move on with hip-hop artist **French Montana** last year. When that fizzled, Khloé threw herself back into the dating scene and went on a social life (and media) tear, hanging with rapper **The Game** — whom she dated before French — and another former NBA star, **Rick Fox**.

In James, however, she seemed to find a true match. While he, too, is a pro basketball player (he won the NBA's Sixth Man Award in 2012, one year after Lamar did!), that's where the similarities with Khloé's other loves end. His offbeat style and quirky sense of humor had Khloé smitten and, a source says, taking their new love more seriously than she did the rest.

Indeed, over Fourth of July weekend in Las Vegas, she and James looked quite the cozy couple as they danced the night away at **Chris Brown's** holiday party. But, sources say, unbeknownst to her family or even close friends, Khloé was also making secret trips that same weekend to meet up with Lamar, who's recently been spending much of his time in Sin City, staying with friends and trying to

get healthy. She even saw them both in one night! "The fact is, she would consider being exclusive with James," the insider says, "if it weren't for Lamar."

ANOTHER TRY?

While Khloé has put on a brave face over the past few years, she's openly hoped for a chance at a new start with Lamar. She admitted on an episode of

Sources say Khloé hooked up with Lamar and James in the same time frame — giving her a scare when she first got baby news.

Kourtney & Khloé Take the Hamptons, "If I had my way, I'd still be married to Lamar! Even right now, today, I wish I was still married to him."

And just this past April, she divulged in an interview with E! News, "I will never, ever not love Lamar. I'm so

obsessed with Lamar in a great, healthy way. He was my husband, and I still wish he was, and I don't think there's anything wrong with that."

Meanwhile, Lamar's refusal to sign the divorce papers that Khloé filed in late 2013 — and her subsequent decision not to push the issue with a default divorce judgment — seemed to indicate that neither party was ready to call it quits. A further sign came in April, when Khloé made a pilgrimage to her ancestral Armenia and bought land under her married name.

"Khloé's been to hell and back with Lamar, but she never really let go of him," the insider says. "She's just been waiting and praying that he'd get his act together."

Sources even claim that Khloé's wild nights out and flings with rappers and athletes haven't been about finding new love, but about steeling herself emotionally from the hurt Lamar's already caused her — and, knowing that she'd always stay in touch with him, the chances that he could hurt her again.

A POWERFUL CONNECTION

It was a text that came several weeks ago — after he was shaken by the sudden, drug-related deaths of two of his closest friends, **Jamie Sangouthai** and **Bobby Heyward** — that opened the door to reunion with Lamar yet again. "He wrote that he loved her and asked if there was any way she could ever forgive him after everything he's put her through," says a source. "She didn't say yes off the bat, but she told him she was willing to give him a chance."

Khloé met with Lamar in person — "she needed to look in his eyes

NEW DIGS

After finally ditching her marital pad, Khloé declared her independence with a \$7.2 million Calabasas mansion.

BODY POLITIC

Finally comfy in her skin, Khloé covered May's *Cosmopolitan Body* magazine and declared, "You have to love yourself."

TRUE LOVE FOREVER...

WHIRLWIND WEDDING

In September 2009, after one month of dating, Khloé and Lamar wed at a Beverly Hills estate surrounded by white roses and 250 guests — before getting down at a nightclub-themed reception.

IS THIS REALITY?

Following the success of *Keeping Up with the Kardashians*, spin-off *Khloé & Lamar* debuted in 2011 and ran for two seasons.

DODGING DEMONS

In 2013, Lamar was busted with a DUI and had his license suspended after refusing to submit to a drug test. The same day, moving trucks were seen outside Khloé and Lamar's house.

to see if he was for real," the source says — and all the old feelings came rushing in. She began sneaking off to Vegas to see him any chance she could get, all the while trying to temper her excitement by moving forward with James too.

The time she'd spent with both men was the height of her confusion — but once she found out about the baby, she was struck with a newfound clarity. "All Khloé and Lamar ever wanted was to have a family," says an insider. "After getting over her shock, she told friends she couldn't be happier." Making her all the more joyful? She knew that Lamar had to be the baby's father, the insider says, because she hadn't actually slept with James that fateful weekend. The scenario she'd envisioned for years was finally unfolding, if not

in the way she had expected.

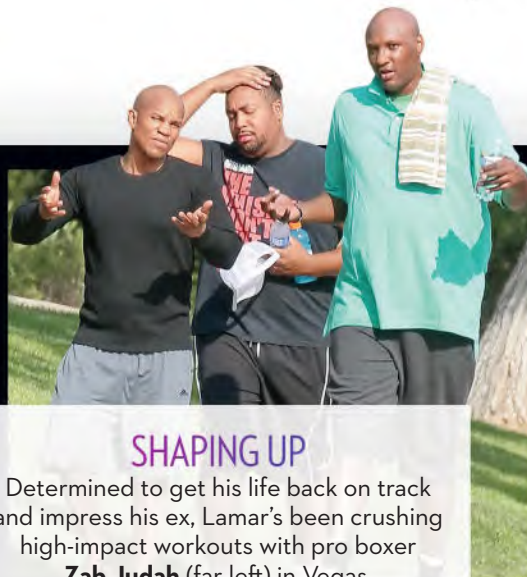

The source says Lamar is thrilled with the news and determined to step up to the plate for Khloé and his baby: "He's committed to his sobriety, and he vowed to stay on the straight and narrow." And though Khloé has been put through the ringer by her former hubby, the source says she "believes in him. They're both putting their hearts on the line here. There will no doubt be trust issues to work out, but they're determined to do it together."

THE PAPER TRAIL

Khloé filed for divorce in late 2013, citing irreconcilable differences and petitioning to restore her maiden name. But by April 2015, with no response from Lamar — and no further push by Khloé — the filing expired.

Determined to get his life back on track and impress his ex, Lamar's been crushing high-impact workouts with pro boxer **Zab Judah** (far left) in Vegas.

MARIAH

A Dating DIVA

MARIAH CAREY HAS FOUND LOVE AGAIN WITH **JAMES PACKER** — BUT WILL SHE SCARE HIM AWAY WITH HER OVER-THE-TOP DEMANDS?

Mariah Carey has never been known for her love of the simple life. The hit-maker who dons gowns and heels for a day at the beach and once requested 20 white kittens and 100 doves for a shopping mall appearance doesn't go easy on her men either — as her new beau, Australian billionaire **James Packer**, is fast learning. "Mariah wants to be in control and let James know that she's unlike anyone he's ever been with," an insider tells OK!. And that means adhering to her long list of rules governing everything from what they drink to what music they listen to — and more. So far, however, James isn't bugged out: "This sort of attitude would drive most guys crazy, but not James," says a source. "He's up for the challenge."

1 SEX ONLY ON MONDAYS

Mariah doesn't like surprises, especially in the bedroom. So to make sure she's always prepared for a night of passion, she schedules her sex on Monday nights. "There's a beauty routine she goes through beforehand," says a source. "And she likes to make sure candles are lit and music is playing." Ah, the anticipation!

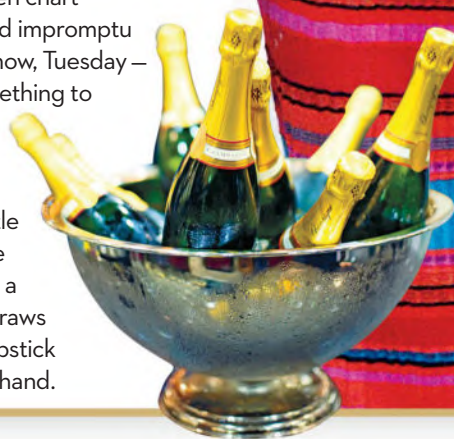

2 NEVER MENTION NICK

Determined to leave her soon-to-be ex-husband, **Nick Cannon**, in the past, Mariah has forbidden everyone around her — even James — to refer to him by name. "She only

calls Nick 'my children's father' and expects everyone else to follow suit," adds the source.

3 KEEP THE BUBBLY ON ICE

Between chart-topping singles and impromptu getaways — or, y'know, Tuesday — there's always something to celebrate. So James has been advised to always keep a chilled bottle of Mariah's favorite champagne — plus a supply of bendy straws to help keep her lipstick smudge-free — on hand.

LOVE RULES
Mariah is considering a third, no-expense-spared trip down the aisle to marry James; but first, she'll have to see if he can play by her rules.

4 **BREAK OUT THE SILVER SPOONS**

Mariah loves being pampered — and not just by a team of masseurs, stylists and assistants. She also expects James to pitch in by rubbing her feet, washing her hair when they're in the tub together and even spoon-feeding her dinner! "Mariah thinks being fed by a lover is the most romantic thing on earth," says the source.

5 **DON'T CHANGE THE STATION**

Famed for her five-octave vocal range, melismatic style and mastery of the whistle register, there's no denying Mariah's singing talent. To make sure James never forgets, Mariah demands that her tunes blare from the speakers at all times. "She loves hearing her own voice," says the source. "She believes she's the greatest singer in the world."

6 **MAKE IT STEAMY — LITERALLY**

To keep her skin supple and her nasal passages moist, Mariah made James purchase 24 humidifiers for his home, private plane and yacht. "She's obsessed with them," reveals the insider. "There have to be at

least three going in every room... and four placed around her bed at night."

7 **DON'T SMOKE 'EM IF YOU GOT 'EM**

After nearly ruining her voice with the habit years ago, Mariah decided to give up cigarettes. And she doesn't want James or his staff to have any around her. Says the source, "After the first time she saw him smoking, she told him in no uncertain terms that he had to quit."

8 **CHECK IN AT ALL TIMES**

Though the two have been joined at the hip for the last several weeks, sources say that when James can't be with her, Mariah contacts him hourly. "She wants to try to trip him up to see if he's where he says he is," says the insider. "And somehow, she always has a way to find out if he's telling the truth." Hope he lives up to her vision of love!

The Super-Powerful "diet pill"!

When everything else has failed!

They're flying off the shelf... but it's not for everyone.

BiphedAdrene® is quickly making a name for itself in the "Super Pill" category because of its supercharged dual approach to weight loss: it's comprised of a unique Complex Phenylethylamine Provisional (for powerful appetite control, mood-elevation, and sustained energy) combined with an Aggressive Thermogenic Compound (for fat burning and stamina). This two-pronged attack on fat is apparently what makes the compound so effective... and so popular. 3 "Combo-Pilling" America's Hottest Weight-Loss Craze

Ever wonder how some people manage to get so thin... so fast? It could be "Combo Pilling"... the über-trendy, "underground" practice of combining two or more diet pills to create "supercharged" weight loss. Our favorite diet pill combination is Zantrex®-3 (the high energy fat burner) and

Relacore® Extra (the calming, feel good, "belly fat" pill).

One pill picks you up, the other pill calms you down... both of them are incredible... but together, oh my goodness! Available at WalMart, CVS, Walgreens, RiteAid, and smarter retailers nationwide, you can order both at TryComboPilling.com or call 1-800-378-0961 (use promo code COMBOPILL72 and get free shipping!†).

Q: What Is Combo-Pilling?

A: The highly controversial practice of Combo-Pilling is truly an underground phenomenon. Odds are, if you know someone who's losing lots of weight, and losing it fast, you probably know someone who's Combo-Pilling... Why? Because it allows people to attack multiple facets of weight loss — like dropping fat, overcoming stress eating, and having enough energy to work out — at the same time.

GROWING UP ROYAL

THE WORLD WANTS TO SPOIL THE ADORABLE TOTS, BUT **WILLIAM** AND **KATE** INSIST ON KEEPING LIFE AS NORMAL AS POSSIBLE

You know how kids sometimes get a lavish gift and have just as much fun playing with the box it came in?

Those are the kinds of children **Prince William** and **Duchess Kate** want to raise — and they're giving it their best shot, despite centuries of royal protocol and rooms full of expensive swag that's already been showered on **Prince George**, 2, and **Princess Charlotte**, 2 months.

"The nursery is looking more like a high-end department store than a place for kids to play," says a royal insider. "William and Kate are grateful for all the support, but they don't want their children thinking this is normal."

A HANDS-ON APPROACH

William and Kate, both 33, are thoroughly modern royals who appreciate a lower-key lifestyle. Kate certainly had a privileged, private-school upbringing, but her self-made-millionaire parents were criticized as social strivers, and she has no use for that kind of snobbery.

As for William, he and his brother, **Harry**, were raised in a remarkably hands-on way by their beloved mother, **Princess Diana**. "She was always shunning traditions so they could just 'be kids,' and that's what William wants," says the insider. "It's difficult

enough growing up in the spotlight without being branded as bratty."

To that end, they strive to be as present as possible in their children's lives, even doing without a nanny for two months after George's birth in order to bond over the delights of dirty diapers and sleepless nights. "These two didn't have kids so they could be raised by nannies," says the source.

Still, there are advisors weighing in at every turn, including mealtime. "Kate is perfectly capable of feeding George the right things," says the insider. "But

A BOY'S BEST FRIEND

"The Queen has promised George a corgi pup one day," says the insider. "That's the kind of gift William and Kate encourage. George will learn to work for the things he wants."

A royal source says that George (seen here with Kate at a public park in May) "is a typical little boy who loves running around, getting dirty and playing with his digger truck."

she has to accept that the palace has a team of expert advisors to help give her children the best possible start."

SPOILER ALERT

Now the couple are focusing on making sure the kids stay grounded. "People treat George like a little god, constantly trying to hand him cards and toys," says the source — in 2014, he racked up 774 official gifts, including stuffed animals, a surfboard and even a kid-size amphibious boat. "George doesn't know what to make of the fuss yet, but both he and Charlotte will need to learn to deal with it as graciously as their parents do. And William and Kate will embrace the tantrums that come when the kids don't get their way — whatever it takes to make sure they know this isn't how most people live."

OK!

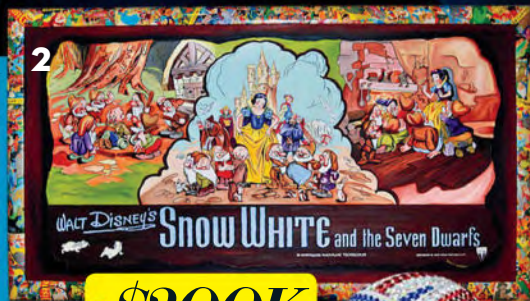

A PRINCELY SUM

Royal births inspire luxurious presents, although William and Kate wish people would dial it back a bit. As a source reports Kate said in response to one gift, "What baby needs leather riding boots?" Among the goodies the young royals have received are: 1) a gold-plated Monopoly set (similar to the one pictured, a museum piece); 2) a painting of the 1937 billboard art for *Snow White and the Seven Dwarfs*; 3) a motorized Range Rover ride-on; and 4) a gem-encrusted baby rattle. "If they can get the gifting under control with George, it'll be easier to do with Charlotte," adds the insider.

CELEBRITY WALKS

JANUARY JONES

It looks like the *Mad Men* actress is the life of the party! After attending a bash at L.A.'s Sunset Tower hotel back in 2010, January was snapped getting out of a taxi in front of her house. The star was wearing the same strapless dress from the night before — but her hair was noticeably disheveled! Wonder where she spent the night?

MORNING GLORY

HARRY STYLES

He's living it up while he's young! Following a concert in 2013, the One Direction star let loose at a house party with fellow Brits **Cara Delevingne** and **Rita Ora** — and didn't leave until 7 AM! His hair still looked perfect, of course.

LOOKING SLEEPY

KATE HUDSON

Though they never confirmed it, it seems obvious that Kate and **Derek Hough** have hooked up. In fact, the dancing pro gave the star a lift back to her car — at 11 AM! In signature walk of shame style, Kate covered up her makeup-free face with a big pair of shades while heading to her own ride.

ACTING SHADY!

PARTY PALS?

LINDSAY LOHAN & JASON SEGEL

Talk about a random pairing! Back in 2009, the actor was seen leaving his pad; not too long after, LiLo tried to sneak out as well. However, the duo insisted nothing romantic was going on, with Jason's rep stating that Lindsay had simply crashed at his place after a party. Whatever you say, guys!

SHAME!

WHETHER THEY'VE HAD A LONG NIGHT PARTY-HOPPING OR A ROMANTIC TRYST, STARS HAVE TO FACE THE MUSIC IN THE MORNING, JUST LIKE THE REST OF US

ZAC EFRON

Last summer, the Hollywood hunk and **Michelle Rodriguez** flaunted their short-lived romance (only two months!) on a PDA-filled trip to Italy that included side-by-side horseback riding on the beach. But just over a week later, he left her house through a side door wearing sunglasses and a hat. We see you, Zac!

HEY, TIGER!

LIFE'S A CAKEWALK

JENNIFER ANISTON

After a dinner date with then boyfriend **Justin Theroux** in 2011, Jen was caught by paps the next morning wearing the exact same outfit — down to the bag and scarf! The couple must have had a great night, as Jen had a hint of a smile on her face. (Hers was less a walk of shame, more a stride of pride.) Now that they're engaged and have their own place, we're sure Jen's repeat outfits are a thing of the past!

JESSICA SIMPSON

The blonde beauty was caught leaving L.A.'s Chateau Marmont after reportedly spending the night with Maroon 5 frontman **Adam Levine**. Jess' going-out look was evidently different in the morning, as she covered up in a men's dress shirt! Rumor has it that the pair's rendezvous was just that, as the fling quickly fizzled out.

NICE SHIRT, JESS!

IS THAT YOU, JEN?

JENNIFER LAWRENCE

She tried to hide with a beanie and a pair of sunglasses, but we'd recognize JLaw anywhere! Back in September 2014, the *Hunger Games* star was spotted leaving boyfriend **Chris Martin**'s Malibu pad. There's no shame here, though — the pair are still together and stronger than ever!

For **Joss Stone**, music is life. She explained the inspiration behind her new album, *Water for Your Soul*, to OK! TV after performing in Las Vegas, saying, "We need water and air, and I believe we need music [in the same way]." The singer added that the long-in-the-making record (her last release was in 2012) came together organically: "We didn't write it like an album, we just wrote songs."

Joss' career started when she won a talent show on BBC at just 13 years old. Fifteen years later, she jokes, "I'm not bored yet."

How do you win Miss USA? Backstage at the pageant, the newly crowned **Olivia Jordan**, of Oklahoma, told OK! Amy Schumer knew she was funny from the age of 3: “I just made my family laugh,” she says. From there, the New York native, 34, honed her comedy

through stand-up and an acclaimed series, *Inside Amy Schumer*, on which she skewers female stereotypes and revels in moments that are both raunchy and realistic. Now she’s welcoming a legion of new fans as her hilarious film *Trainwreck*, which she scripted and stars in — and which comedy kingmaker **Judd Apatow** directed — hits theaters. Amy, who has dated wrestler **Dolph Ziggler** (she called their sex “too athletic”) and comic **Anthony Jeselnik**, opens up about sex scenes, insecurity and being a role model.

Congratulations on the movie. Are you having fun being a celebrity?

It’s not fun! I like writing and performing, but talking about myself is really not my thing. To be called a celebrity is quite embarrassing for me, to be honest.

How would you describe yourself today?

I am warm and loving, but there is a side of me that always expects things to go wrong. Living with a parent who is ill [her father has multiple sclerosis, as does

Trainwreck director Judd Apatow went out with Amy and costar Bill Hader to gauge their chemistry. On set, “Bill showed me the ropes,” she says.

FAMILY TIES

Amy wrote versions of her M.S.-afflicted father (above) and younger sister, Kim (inset left), into the movie.

her character's dad in *Trainwreck*] changes your life in many ways. You have to learn to live in the moment. That's key in my life.

As funny as *Trainwreck* is, it's also very heartfelt. It seems like a personal story for you.

I was in love when I was writing it, and I was very scared, just like my character. I even went as far as to tell myself that I might not be lovable. But then I realized that I was, and I wanted to tell that story. Yes, there are a lot of funny moments, but there is also a lot of pain underneath. I like for people to think I'm going one way and then suddenly switch directions.

Were you scared to be so emotionally open with this film?

I never hesitated to do this. I like being out there. Anybody who judges me, I don't want to be close to.

How did you feel filming the movie's sex scene?

Very vulnerable. In between takes I was screaming, "This is so embarrassing!" Judd was freaking out more than we were; he kept saying "thrust," and we asked him not to do that anymore.

You'll be opening for Madonna at her New York shows in September. Are you nervous?

I will probably bomb, but I'm so excited. She is one of my all-time favorite performers. And I can tell you right now, it won't be PG-13.

You sometimes make fun of your looks in your comedy. Are you insecure about your appearance?

I've got a pretty good hold on the way I look. I feel strong and beautiful — worthy of love, affection and erections. The women we put on camera in L.A. look a very specific way, and they drill it into our heads to look the same way. I don't believe in that, and I want other women to feel good about themselves. I think being an example is the best way to do that.

SARA RUE'S SWEET SUMMER SALAD

SERVES: 4

TOTAL TIME:

1 HR

SKILL LEVEL

Five years ago, **Sara Rue** shed 50 pounds on a Jenny Craig diet. These days, the star of TV Land's *Impastor* and mom of 2-year-old daughter **Tallulah** has learned how to prepare nutritious meals—like this salad featuring protein-packed quinoa and lentils—to keep herself and her young family in good health all year long. “This salad is good for your body and for the planet,” Sara says. “And it’s fun and colorful, so my daughter loves it too.”

Directions

1. Bring quinoa and 1 cup of water to boil in medium saucepan. Reduce heat to low, cover and simmer until quinoa is tender and most of the liquid has been absorbed, 15 to 20 minutes. Fluff with fork and set aside.

2. As quinoa is cooking, place lentils in colander and rinse with cool water. Drain. Then, in large saucepan, bring lentils and 1 cup cool

water to boil. Reduce heat, cover and let simmer until tender, stirring occasionally. Allow 5 to 10 minutes to cook, then drain off any excess cooking liquid.

3. Set oven to 350°F. Peel sweet potato and cut into small cubes. Peel and thinly slice red onion. Toss in a large bowl with 4 tbsp. olive oil and salt. Place on a baking sheet sprayed lightly with

cooking oil and roast in oven for about 30 minutes, or until potatoes are crisp outside and soft in the middle.

5. Finely chop green cabbage.

6. Make dressing by whisking together the balsamic vinegar, soy sauce and the remaining olive oil.

7. In large bowl, toss all ingredients together with dressing, then serve.

Ingredients

- 1/2 cup uncooked quinoa
- 2 oz. dry lentils
- 1 whole sweet potato
- 1/2 small red onion
- 6 tbsp. olive oil, divided
- Pinch sea salt
- 1 head green cabbage
- 1/4 cup balsamic vinegar
- 2 tbsp. soy sauce

LEARN THE SECRET TO SHEDDING FAT
WHILE KEEPING YOUR CURVES

THE EXPERT: NORA TOBIN

Nutrition specialist, editor for *Shape* and *Sports Illustrated* magazines and fitness consultant for Four Seasons Hotels

Do you find the iconic image of a bikini-clad Bond Girl emerging from the ocean inspirational?

The trick to getting that bod (toned but

still sexy and feminine) isn't logging even

more hours at the gym; instead, try high-intensity interval training — which forces you to work harder, not longer — combined with healthy food choices.

For additional health and fitness tips, follow Nora on Instagram: @NoraTobin and visit noratobin.comMOVE OF THE WEEK
HIGH-INTENSITY INTERVALS

High-intensity interval training (HIIT) is a combination of fast bursts of exercise and rest periods. The quick bursts help your body shed fat, while the rest phases allow it to build and maintain muscle, which will help give you great curves. Done right, this type of interval training will keep your metabolism revved for 24 hours postworkout.

STEP 1: Using your favorite cardio machine or running outdoors, work as fast as possible for 30 seconds.

STEP 2: Reduce speed for one minute.

STEP 3: Repeat this sequence for 20 minutes. Perform the workout three or four times per week.

NUTRITION TIP
TAKE THE WHITE OUT

It can be easy to hit the vending machine at work, but all that processed junk — in particular, white flour and starchy carbohydrates — won't give you energy or a fit

physique. Instead, bring snacks from home, like chopped veggies, that won't lead to weight gain. By just cutting out white carbs, you'll see a big change in your body!

BEAUTY TIP
GET EFFORTLESS
BEACHY WAVES

The best way to get loose, carefree curls is to apply a salt spray to your hair, which will keep it soft and moisturized. I simply spritz some into my hair after a shower and let it air-dry for a natural look that lasts all day.

Jake Gyllenhaal, Rachel McAdams, Forest Whitaker | R | July 24

After dropping 30 pounds for his role in *Nightcrawler*, Jake Gyllenhaal piled on the muscle to play boxing champ Billy "The Great" Hope, who has it all — an impressive career, a loving family and a lavish lifestyle — until a sudden tragedy sends him

spiraling to rock bottom. Abandoned by his lifelong manager (Curtis "50 Cent" Jackson), Billy turns to Tick Wills (Forest Whitaker), a trainer at a local gym, to help him get back into the ring and win back the trust of his loved ones.

For five months, Jake spent five hours a day learning to box. He says director Antoine Fuqua "asked me to bring out my animal."

Cara Delevingne, Nat Wolff, Halston Sage | PG-13 | July 24

Adapted from the best-selling novel by **John Green** — who also penned the book behind last year's hit *The Fault in Our Stars* — this coming-of-age story centers on high schooler Quentin (**Nat Wolff**), whose boring life gets turned upside down after Margo (**Cara Delevingne**), the mysterious girl next door, enlists his help on an overnight adventure. The next morning, he finds out Margo has gone missing — and while the police and her pals can't figure out where to start searching, Quentin realizes that she's leaving cryptic clues for him to decipher. Determined to find her, Quentin and his friends skip school and set out on the road trip of their young lives.

SEAN STEWART STAR OF STEWARTS & HAMILTONS

Reality TV buffs may recognize **Sean Stewart** from his stints on 2007's short-lived series *Sons of Hollywood* and *Celebrity Rehab* — but the son of rocker **Rod Stewart** and actress **Alana Stewart** says he's changed since then. "My bad-boy phase is long gone," he tells OK!. Now, as he returns to the small screen with — you guessed it — a reality show about his famous family, he promises fans will see the real him. "I feel like you're at your best when you're just yourself," he says, "and this time, I feel really good about how we're all portrayed."

How would you describe your family?

We're all really goofy and love playing pranks on one another. I think we inherited that from our dad.

How does he feel about his kids doing a reality show?

We've shown him some early cuts, and he thinks it's really funny. As long as it makes him laugh, he thinks it's great.

The show is focused partly on your mom and her ex-husband, actor George Hamilton. Can we expect a lot of celebrity cameos?

There will be some surprises, but it's also a chance for fans to really get to know me and my siblings. A lot of stuff about us appears in the press, so we

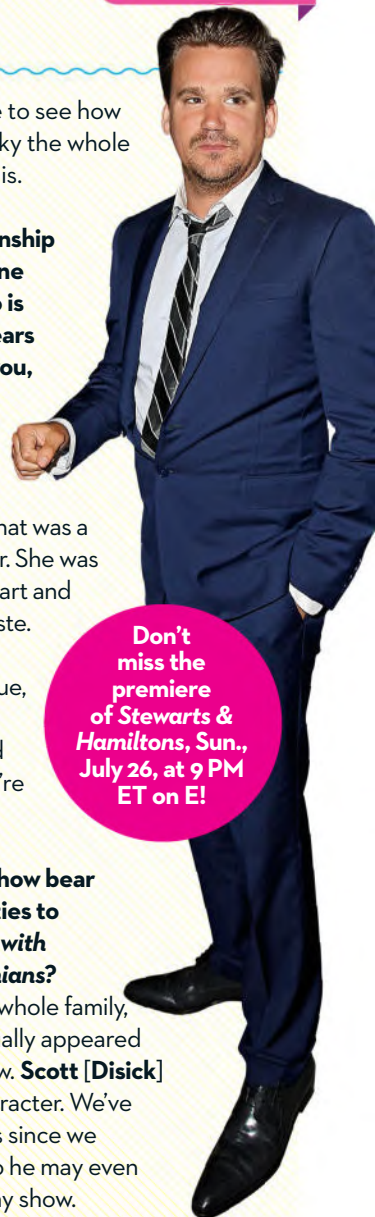

want people to see how fun and quirky the whole family really is.

Your relationship with Adrienne Maloof, who is nearly 20 years older than you, certainly got a lot of attention.

Yeah, Adrienne... that was a roller coaster. She was fabulous, smart and had great taste. The age gap wasn't an issue, because I really do find her sexy. We're still close.

Does your show bear any similarities to *Keeping Up with the Kardashians*?

I adore that whole family, and I've actually appeared on their show. **Scott [Disick]** is such a character. We've been friends since we were kids, so he may even appear on my show.

But they're guaranteed to leave at least half of the audience laughing... and the other half cringing.
